Rebels Lose Opener 60-47

The William Campbell Generals beat the Appomattox Rebels 60-47 in a Group II District IV basketball game last Friday night. It was the opener for the Rebels while the Generals won their second game of the season.

The Generals took a 17-11 first quarter lead and never trailed even though the Rebels came within three points at the opening of the third quarter. The half time score was 26-22 in favor of William Campbell and 40-32 after three quarters and their was a 20 point spread at one time in the fourth quarter.

Mike Baber led the Generals with 18 points, getting nine in each half. He was followed by James Word and Rick Purcell with 17 and 10 points, respectively. Word had 11 in the second half.

Sammy Page took scoring honors for the Rebels with 15 points and Paul Harvey was right behind him with 12. They both rebounded for the Rebels real well, also.

The Rebels shot a little over 30% for the game and the Generals hit on a little over 40% of their shots. The rebounding was about even and the turnovers was fairly close. The Rebels committed 20 personal fouls to 16 for William Campbell. The margin of the game seem to be in the opening quarter when William Campbell was able to get by the Rebel defense and make the lay-ups while the Rebels relied mostly on the outside shooting.

The Rebels meet Carver Price of Appomattox up at Carver Price High School Friday night and play Nelson County at home next Tuesday, Dec. 16.

Rebeletts Beat W Campbell 36-23

The Appomattox Rebeletts beat the William Campbell girls last Friday night 36-23 in a district basketball game played at William Campbell High School.

Leonda Hudson led the Rebeletts with 20 points. She was followed by Wanda Hillsman, with eight as the Rebeletts won their opening game.

Mary Jackson was the only William Campbell girl in double figures with 10 points.

Appomattox banged in 18 field goals to account for their points while the Rebeletts defense held the William Campbell girls to only eight field goals and they converted on seven of 18 free throws. Hudson had all eight of the Appomattox points in the first quarter and after that it was spreaded among other players.

The Rebeletts met Nelson at home on December 16 as the J.V team will play Carver Price High Friday night at Carver- Price.

Airman Watson Completes School

Memphis (FHTNC) Dec. 2 – Airman Apprentice Joel T. Watson, USN, son of Mr. and Mrs. Thomas C. Watson of Route 4, and husband of the former Miss Judy A. Stanley of Route 1, all of Appomattox, Va. has completed the Aviation Structural Mechanic Hydraulics School at the Naval Air Technical Training Center, Memphis, Tennessee.

The school covers basic hydraulic system operations, troubleshoot and maintenance, as well as estability and control of aircraft, safety precautions and inspection of landing gear.

Before attending this school, he completed the Aviation Familiarization and Mechanical Fundamentals course at Memphis.

Fire prevention habit!

No Atheists On 40 Yard Line

Ferrum College head football coach Hank Norton (far right) says there are "no atheists on the 40 yard line" when the opening whistle blows. Speaking to 100 Rebel football players of Appomattox High, coaches, Lions and others at the annual Lions Football banquet he said that the first play of each game is always the hardest, even for the toughest "pro." Three Reb players were given special honors: Steve Lawson, as "best lineman", a presentation of Appomattox High. Plicky Williams won the Lions' award as "best back" with Sammy Page (center), taking the sportsmanship trophy, gift of Appomattox County Jaycees. Standing with the boys are assistant coach Frank W. Compton and head Rebel coach, Gordon Bragg.

Moses Dinkins Named Technical Leader At GE

Moses Dinkins, who started with GE in 1960 as a co-op student from VPI, has now been named Technical Leader in receiver work for Product Production Engineering in MRD. Moses is the son of Mr. and Mrs. J. Gilbert Dinkins, Appomattox.

Moses first came to GE in 1960 when he started a series of three-month work assignments alternating with three months of study at VPI.

Completing his co - op engineering assignments at GE, he returned to VPI for a full year to get his degree in Electrical Engineering. After graduation he returned to GE where he worked for six months in Mobile Design Engineering while waiting to be called for active duty in the U.S. Army.

In 1964 he left for two years of active duty, and served as a Maintenance Officer and later Executive Officer of a HAWK Surface-to-air missile battery. At the end of his active duty Moses, returned to GE and joined Mobile PPE as an engineer on the receiver team.

He now becomes Technical Leader of the PPE receiver team in the Product Production Engineering sub-section, with responsibility for all MRD receiver designs now in production and in the field.

Moses is married to the former Joyce Phipps of Danville and has one son, Brian Gilbert, four months old.

Gun Control Act Change Eases Record Need

It no longer is necessary for dealers to keep records of certain ammunition sales, the Internal Revenue Service said today.

"Newly enacted legislation eliminates the need for dealers to keep record on sales of shotgun ammunition, ammunition suitable only for use in rifles, and component parts of these types of ammunition. Purchases of ammunition interchangeable between rifles and handguns, such as .22 caliber rimfire ammunition, continue to be subject to the record keeping requirements. Previously, the Gun Control Act of 1968, required records for all ammunition sales.

"IRS stressed, however, that no other aspect of the Act, which is administered by the Alcohol, Tobacco and Firearms Division of the IRS, was changed by the legislation.

"Persons engaged in selling ammunition still are required to be licensed under the Act.

"Anyone under 21 years of age cannot purchase handgun ammunition. However, individuals at least 18 can buy rifle and shotgun ammunition. Dealers must still require purchasers to identify themselves if there is doubt about their age.

"Felons, persons under indictment for a felony, fugitives from justice, unlawful users of drugs, mental incompentents, and persons under 18 continue to be prohibited from purchasing ammunitions of any type.

"The change in the law affects only shotgun and rifle ammunition, and their components parts. Dealers still are required to keep records on the sale of other ammunition, specifying the type and quantity of ammunition and identifying the buyer," IRS said.

Auto Accidents Spiral Upward

Washington, D. C., December 1 – Highway travel in the United States last year exceeded one trillion vehicle miles, the equivalent of two million round trips to the moon, and the number of fatal accidents reached 55,000, according to the Insurance Information Institute. More travel means more accidents, more costs in dollars as well as in human suffering.

In Virginia the number of accidents were up to 120,347 in 1968 against 111,061 the previous year and injuries were up to 44,693 from 43,122. The trend this year is up with 83,401 accidents in the first eight months compared with 76,524 in the first eight months of 1968 and 31,000 injuries compared with 29,429. Fatalities are up to 835 from 789 for the same period last year.

Automobile insurance rates simply reflect the human and economic cost of automobile accidents. Each year the cost of the destruction rises.

Accidental Verdicts

NEW YORK—Accidents took the lives of 112,000 Americans in 1967, the Insurance Information Institute reports. The only bigger killers were heart disease, cancer and strokes.

Banquet Honors

Cont. From Page 1

ers receiving trophies include Kenny Belter, Tommy Bryant, Walter Carson, Kenneth Carter, Timmy Clements, Timmy Doss, Robert Dyess, John Ford, Joseph Ford, Roger Godsey, Ralph Harris, Robert Harris, Mike Lewis, Michael Martin, John Mathews, Charles Norfleet, Baxter Parris, James Rogers, John Rothgeb, Danny Scruggs, Donald Scruggs, and Robert Weatherly.
